Nine Aviators Lose Lives in Mimic Biplane Battle Above Austrian Clouds

COLLISION AT GREAT HEIGHT TRAGIC

Terrific Explosion Occurs when Navigator on Attacking Craft in Sham Fight Miscalculates Speed.

BODIES HURLED TO EARTH MUTILATED

Flames Engulf Airships and Crash to Mountainside in Full View of Horrified War Officials.

(By Leased Wire to Evening Herald.)
Vienna, June 20.—Nine aviators lost their lives today when a mimic war in the air was suddenly turned into a tragic reality as the accidental ripping of a dirigible airship and biplane, while both were flying at a great height during the Austrian army maneuvers. Both crafts were destroyed and their occupants, nine military and naval officers, were hurled and mutilated beyond recognition.

The Austrian army dirigible balloon hovering ascended at Fischamend, about twelve miles from Vienna, where there is a military aviation station. It was the intention of Captain Johann Hauswirth, the commander, to take photographs of the movements of the troops below and then to join in the maneuvers.

The aeroplane started half an hour later from the same spot. It was manned by Lieutenant Platz and Hosta. The dirigible craft soon overtook her big sister and immediately began a sham attack. After encircling the air several times at a height of 1,500 feet, the biplane pilot suddenly maneuvered his little craft with the object of taking a position directly above the dirigible.

The navigator evidently miscalculated his distance or his speed for the nose of the biplane grazed the envelope of the airship and ripped it wide open.

There was a terrific explosion and the airship took fire. The flames engulfed the biplane and in a few moments the remains of both crafts and their occupants crashed on the slope of a mountain.

THIRD LEAGUE WILL BE ORGANIZED, PLAN

(By Leased Wire to Evening Herald.)
New York, June 20.—The National Commission, the supreme court of baseball, looks with favor upon the proposal to establish a third major league.
This was the announcement made by President Barrow of the International league, who, with other members of that league, conferred with the Commission in session here today.

FIRE HALTS RESCUERS; 20 BODIES FOUND

Great Explosion Which Occurred in Alberta Mine Yesterday Came Without Moments Warning is Belief.

ENTRANCES BLOCKED BY TONS OF DEBRIS

Many Bodies will not be Recovered for Days; Revised List Places Victims at 197 Killed.

(By Leased Wire to Evening Herald.)
Lethbridge, Alberta, June 20.—Although the work of recovering bodies progressed slowly today, owing to smoldering fires in the entrance of mine No. 20 of the Hill Crest Colliery Ltd., a total of 95 bodies had been removed this afternoon and placed in the union hall, leaving 162 yet entombed in the mine and given up for dead.
William Brown, brother of General Manager Brown, is among the victims.

Lethbridge, Alberta, June 20.—After recovering twenty charred bodies today, rescuers were driven from their work by fire before noon at mine No. 20 of the Hill Crest (Alberta) Collieries, Ltd., where a great explosion yesterday wrecked the underground property and is believed to have killed 197 men.

Among the bodies recovered were those of James Quinley, superintendent of the mine and Thomas Taylor, fire boss.
Tons of rock, broken timbers and other debris are heaped in the entrances and it seemed probable many of the bodies will not be recovered for several days. Exploration by rescuers early today indicated the miners had no warning of death, as several bodies were found standing nearly erect with picks and other mining tools in hand, pinned to walls by timbers or rocks.

BAIL IS DENIED STRIKE LEADER IN TRINIDAD

President of Miner's Union Must Remain in Jail Until Trial on Charge of Being Murder Accessory.

(By Leased Wire to Evening Herald.)
Trinidad, Colo., June 20.—Robert Uchich, formerly local president of the miners' union, who has been in the county jail since December 26 charged with being an accessory in the killing of Angus Alexander, a mine guard slain during a battle with strikers on October 29, and James Bieuvais, who has been in custody since November 23 charged with the actual killing of Alexander, were denied bail this morning in the district court.

The application for bail was made by Attorney F. W. Clark, local counsel for the United States Mine Workers. Uchich was first arrested by the state military authorities early last November in connection with various alleged disorders. The military commission in its report made public December 2, pronounced Uchich to be a "dangerous and undesirable alien" and recommended his indefinite detention. He was afterward turned over to the civil authorities on the murder charge.

Bieuvais is a striker alleged to be the leader of a band of Greek strikers that on October 29 engaged in a battle with guards near Tabasco at which time Alexander was killed. He was wounded in the leg in this engagement. Two months later he was arrested at a hospital in Denver and brought here by the military authorities.
It is the second time that an application for bail has been denied for the two defendants.

recorders of the State National bank of this city, that institution did not open for business today. The bank is capitalized at \$200,000. It carried deposits of \$1,710,843.88.
President W. H. Garfield said the action of the directors was taken because of a "steady withdrawal of deposits."

NAON CONFIDENT MEDIATION WILL BE SOLUTION OF TROUBLE

Argentina Minister After Confering with Washington Officials Returns to Conference More Hopeful.

BREAK THE DEADLOCK IS NOW THE SLOGAN

Effort will be Made to Abandon Discussion of Types and Individuals and Work Out Other Peace Plans

(By Leased Wire to Evening Herald.)
Buffalo, N. Y., June 20.—"I was never more confident than I am today of the ultimate success of mediation," said Dr. Romulo Naon, minister from Argentina, when he arrived here today after conferences in Washington with President Wilson and Secretary Bryan.

"I am confident," Minister Naon added, "and optimistic, which I have always been. While I regard the differences which have been encountered as serious, there are always differences in mediation, and it is the duty of mediators always to find a way to overcome them, so peace may be accomplished."

As the minister took an automobile to a hotel for luncheon prior to returning to Niagara Falls, he said he would confide with his colleagues tonight before making any announcement and that there probably would be no full session of the delegates and mediators until Monday.

Dr. Naon declined to say what proposals he had in mind which would break the deadlock.
The publication of the statements setting forth the respective positions of the American and Huerta delegates admittedly has cast a shadow of doubt over the negotiations in that each side finds it difficult to recede from a publicly announced attitude. But there is a strong probability, in the opinion of Dr. Naon, that by abandoning the discussion of types and individuals and going ahead on the other points in the peace plan, a man may be found in the interim who would satisfy, if not the letter, at least the principles of both the American memorandum, as well as that issued by the Huerta delegates.

In any event, Minister Naon was sure that mediation at least would resolve the differences between the United States and Mexico and spoke with confidence of the ultimate solution of the internal problem.

PRESIDENT WILSON REITERATES HIS POSITION

Washington, June 20.—Minister Naon of Argentina, returning today to the Niagara conference, bore to the mediators and the Huerta delegates President Wilson's personal explanation of why the United States stands squarely on the position outlined in the recent statement of the American delegates.

Although all officials were consistently silent on what took place at last night's long White House conference, it was known the mediator started for Niagara Falls apparently much impressed with the force of the president's views. President Wilson understood to have explained to the mediators and the Huerta delegates that the United States stands squarely on the position outlined in the recent statement of the American delegates.

Minister Naon of Argentina, who was expected here about 2 p. m. from Washington, where he conferred with President Wilson and Secretary Bryan and Luis Cabrera, one of the constitutionalists, may be bringing some new plan. This was not considered probable, however, as the American delegates seemed anxious yesterday to spread the news that their statement to the public was final and that a constitutionalist must be selected for provisional president. It was not considered here that anything Minister Naon could say in the Washington government of the constitutionalist agent would change the determination of either to reject any plan to install a "neutral."

Principal to the mediation conference will go into the session late today feeling there is no chance of an agreement and doubting if a way can be found to prolong the negotiations. If the three plans are formally submitted the Americans will reject the Mexican plan. The Mexican dele-

ZAGATECAS WILL BE ATTACKED BY ARMY OF 25,000

Villa has the Soldiers and Ammunition and Ready for Battle; Out of Politics, He Says.

DEFEATING HUERTA IS SOLE AMBITION

Rumor Rebel Chieftain has Proclaimed General Angeles Provisional President Receives Small Credence.

(By Leased Wire to Evening Herald.)
Torreon, Coahuila, June 19. (Over military wires to El Paso, June 20.)—The last of the organizations of the division of the north to be employed in the attack on Zacatecas left here early today. General Villa and his staff will follow either late today or early tomorrow morning.

"In the attack on Zacatecas will be employed about 25,000 men," said General Villa today. "Of this number about 20,000 belong to the division of the north. We will be supported by fifty-one pieces of field artillery, seventy-two machine guns. There is enough ammunition for both as well as for the men."

"I would prefer that those Mexican patriots who engage in politics take a rifle and help us fight General Huerta," said Villa with a broad smile. "For myself I wish to say that I am out of politics and that organizing this campaign to a successful conclusion is the only object I pursue."

Last night a train with fifty-six severely wounded soldiers arrived here from the Zacatecas scene of operations. They were transferred to the military hospital. Heavy rains have put the railroad tracks in a precarious condition. The line to Chihuahua City is broken in two places near Jimenez and Santa Rosalia.

VILLA PROCLAIMS ANGELES PRESIDENT

Niagara Falls, June 20.—The Mexican delegation here received a telegram today from the consul of their government at El Paso, Texas, that General Villa has issued a statement addressed to the American people saying that he had proclaimed General Angeles as provisional president of Mexico.

The consul added that according to intercepted private messages at Niagara reports of an amicable adjustment of the differences between Carranza and Villa were not true. He also said word had reached him that Carranza was quietly sending a force of two thousand men into the state of Sonora, with the intention of depositing General Maytorena, with whom Carranza was reported to have had differences.

ANGELES DEPOSED BY ORDER OF CARRANZA

Saltillo, Mex., June 19. (Via Laredo, June 20.)—General Felipe Angeles, acting secretary of war of the constitutional cabinet, was deposed from that position today by order of General Carranza, for disobedience of orders.

No further details of the action reached here beyond a statement that Angeles had received certain orders from Carranza and had failed to carry them out.
General Angeles is general of artillery in Villa's army and a strong Villa partisan. His removal from the cabinet reduces him to the rank of general. He is a graduate of Chapultepec military academy and has played a prominent part in Villa's campaign.

CARRANZA'S FLIGHT VIGOROUSLY DENIED

Saltillo, Mex., June 19. (Via Laredo, June 20.)—Reports from the United States that General Venustiano Carranza was about to flee to the border reached constitutionalist headquarters today and were characterized officially as "absurd." General Carranza only two days ago secured a permanent home here into which he moved with his wife and two daughters.

Smelter Being Protected.

Saltillo, Mex., June 19. (Via Laredo, June 20.)—Under date of June 17, General Fdino Avila, governor of Chihuahua, reported that he had dispatched constitutionalist soldiers to Santa Eulalia, Chihuahua, to protect the property of the American Smelting and Refining company from robbers. But constitutionalists had been made through the American state department and General Carranza had asked information from General Avila.

Diaz Gutierrez Captured.
Saltillo, Mex., June 19. (Via Laredo, June 20.)—Reports from the American plan. The mediators will then ask both delegations if they feel there is any possibility for a change of opinion. If deadlock is confessed, the proceedings automatically will end.

ASQUITH FAILS TO ENTHUSE OVER SUFFRAGETTE DELEGATION

British Premier Tells Women that Even if They Secure Franchise, Legislative Problems will Remain Unsolved

PANKHURST METHODS SEVERELY CRITICIZED

Government has no Desire to Interfere with Free Speech or Proper Organization of Opinion Declares Statesman

(By Leased Wire to Evening Herald.)
London, June 20.—Premier Asquith today fulfilled the promise to receive a deputation of suffragettes which he made to Miss Sylvia Pankhurst, the militant leader, when after her recent temporary release from Holloway jail she took up her position on the doorstep of the house of commons and threatened to carry out a hunger and thirst strike there until the promise was given.

A party of six working women, members of those who have done so much to damage and put back the cause of women.
The premier welcomed the members of the deputation as representatives of an "association which disclaimed itself from the criminal methods of those who have done so much to damage and put back the cause of women."

Mr. Asquith argued that if every woman over 21 years of age possessed the vote they would still find legislative problems regarding women extensions. He said that the government was not prepared to interfere with the free speech or the proper organization of opinion.
In conclusion Mr. Asquith promised consideration of the women's representations and said he would present to Parliament the request for the release of Miss Sylvia Pankhurst unconditionally.

STOPPING SUPPLY OF BOOZE FOR INDIANS

Secret Agent Here from Denver to Keep John Barleycorn and Poor Lo Apart. Five Cases so far and More Promised.

Through Julius J. Jerome, a United States agent sent here from Denver, the government is conducting a relentless crusade against those who sell or supply Indians with liquor. Mr. Jerome has been here only a few days but has already instituted five arrests. The latest was made this morning when Patricia Trujillo was taken into custody on a charge of supplying Andrés Peralta, an Azteca, with strong drink.

The government is after not only those who sell direct to the Indians, but those who aid them in evading the law. There is a suspicion that a precarious trade has been built up among Indians in this vicinity by which men who buy liquor for the red men, and either charge for the service or get a commission from the dealer. Jerome has set out to smash anything of the sort that may exist.

It is said that he has found indications that promise a big time before he is through with this neighborhood. A man who heard of his activities today offered to show him three or four places where Indians are being supplied with liquor. The informer wants pay for his services, but if conditions are not indicated, Tex., June 20.—Diaz Gutierrez, a small town six miles north of San Luis Potosi, was captured today by constitutionalist officials. General Torree, who commands the constitutionalist forces besieging San Luis Potosi reported to General Carranza that the federal force parried, but he was unable to estimate their strength.

EXCURSION STEAMER SINKS IN RIVER

Hour After Discharging 900 Passengers at Alton, Ill., the Majestic is at Bottom of Mississippi.

OFFICERS AND HANDS ESCAPE WITH LIVES

Collision Occurs in Early Morning Near St. Louis; Boat Completely Submerged Within Ten Minutes After Accident.

(By Leased Wire to Evening Herald.)
St. Louis, June 20.—The steamer Majestic, the largest excursion boat on the Mississippi river, struck the cribbing of a waterworks tower near here early today and sank in ten minutes. Of the thirty-three persons on board one was not accounted for. All on board were members of the crew or of the boat's hand.

The collision occurred at 1:25 this morning. The steamer an hour before had discharged 900 excursionists at Alton, Ill., and was headed for St. Louis, twenty-five miles below. The boat was owned by the Winkler line of Quincy, Ill. It carried six lifeboats and on these nineteen of the crew and others escaped to the Missouri bank. Six officers remained on the upper deck and were there when reporters and police officers arrived an hour after the accident.
Waterworks employees saw the vessel come into view, as it turned a bend just above the Chain of Rocks. A moment later they heard a crash and the lights of the vessel disappeared. The steambot had gone down, bow foremost. Lacking boats, the waterworks employees were powerless to aid those on board and telephoned to police headquarters for assistance.

EXCURSION STEAMER IN NEW YORK IS RAMMED

Yonkers, N. Y., June 20.—The Tourist, a small excursion steamer coming down the Hudson after an evening river party given by J. E. Ravenhoeve, was rammed by a snow off Jura early today and was beached and sunk. Her crew of seven all were rescued. Fifty passengers had been landed before the crash occurred.

Jerome will have a slew of prosecutions under way before he finishes his crusade.
The cases are not confined to points outside the city. Trujillo is said to have purchased the liquor which he alleged to have supplied to Peralta in a saloon in a suburb of St. Louis.

EMPERESS OF IRELAND INQUIRY CONTINUES

(By Leased Wire to Evening Herald.)
Quebec, June 20.—(Counsel for the Canadian Pacific railroad owners of the Empress of Ireland, cross examined Jacob Faxe, third officer of the steamer today at the wreck inquiry in an effort to show that the collision between the vessels was due to the action of the storm's mate in putting his helm to port.

Faxe insisted this was not the case. He declared it was not wrong to port the helm in a fog because there was a strong current. The ship did not answer to the first porting of the helm, he said, and then he put it hard starboard because he was afraid she would swing over to the other side. He knew that the master was not responsible for the collision, because the ship did not change her course.

TWO MEN AND WOMEN JAILED FOR DRINKING

Neanor Perra, Feliciano Lopez and Maggie Lujan were sentenced to the county jail by Justice A. J. Garza of Durango today, for drunkenness. The men got thirty days apiece and the woman sixty days.
Attorney A. B. McMillen received a telegram today from G. R. Donahoe, foreman of the McMillen ranch near San Mateo, delaying the story current here last evening that Arm Stanley, a trapper, had been killed by J. L. Wilson, a cowboy. It is not known how the story originated, but Mr. McMillen was considerably relieved to learn authoritatively that there was no foundation for it.
